## **ISU JUDGING SYSTEM (Code of Points COP)**

Two sets of 'hardware locks' have been received from ISU and a further two sets will be ordered. A 'dummy' run will be trialled at Christchurch before training of Accountants and Judges take place. We are indeed indebted to Dr Patricia Benoit and the Canadian Association who kindly agreed to assist New Zealand in adopting a system that can be used for our levels Novice and below. Patricia has put in a good deal of work on our behalf with input advice given from their experiences at Canadian Competitions.

## **NZ SKATING NEWS**

For those who have been receiving the daily or weekly news from Craig Anderson, and those who have not, there will now be a link from the NZISA Website direct to Craig's site. Craig puts a good deal of time and effort in obtaining skating news daily that would otherwise take some time on an individual basis to obtain all the news he provides.

## **CRACKED ICE by Sonia Bianchetti-Garbot**

My ordered copy arrived on Saturday and I must admit to finding it very interesting to read. Sonia has written this book based on her involvement, trials and tribulations over many years, commencing as a skater, judge and ISU Technical Person and Council Member. Sonia also talks about the politics, intrigues and backroom deals behind our sport. Cracked Ice can be obtained by ordering via her website [www.soniabianchetti.com](http://www.soniabianchetti.com). Cost in NZ approximately \$40.00 includes freight.

On behalf of the NZ Ice Skating Council I take this opportunity of wishing you all a very Merry Christmas and happy New Year. Remember if you are drinking please do not drive. We want to see you all in 2005.
